

Steps to the new YEAH Academy On-Line Registration system. Please read the entire document first before starting. Then use this as your handy walk through guide as you register your students.

Step One: Visit www.yeahacademy.net to view all of the available classes and schedules. Use the tools on that site to determine the best class schedule for your family.

Step Two: follow the link from YEAH Academy to the new site yeahacademy.classtrackonline.com Please note that there is no www in front of yeahacademy.

Log In with your user name and password.

Note: your YEAH Academy Family Membership fee is paid in full as a requirement for using this system. You will pay on-line next year for school year 2009-2010 beginning August 1, 2009 with this new on-line site.

This screen recaps the class and Student Name and notes that payment is due. The next item is the red PAY button. The Status is Pending because until the Tutor accepts the registration and payment, the status remains pending. The red X is in case this is the wrong class and you want to remove it. Your next step is to click on the PAY button. This will take you to the Payment Cart. We recommend that you pay for each class as your register. You are paying each Tutor directly and therefore you will not pay for all of them at once. If you have a total of 6 classes, you will go to Google Checkout 6 separate times.

This is the screen that appears when you click on PAY.

Transactions Pending Payment

Click on the google checkout button to make a payment. Each class is a unique payment to the specific instructor. When done, please enter your receipt number to clear the item from the list and unlock your account, if appropriate. You will receive a notification when your Google Payment is approved.

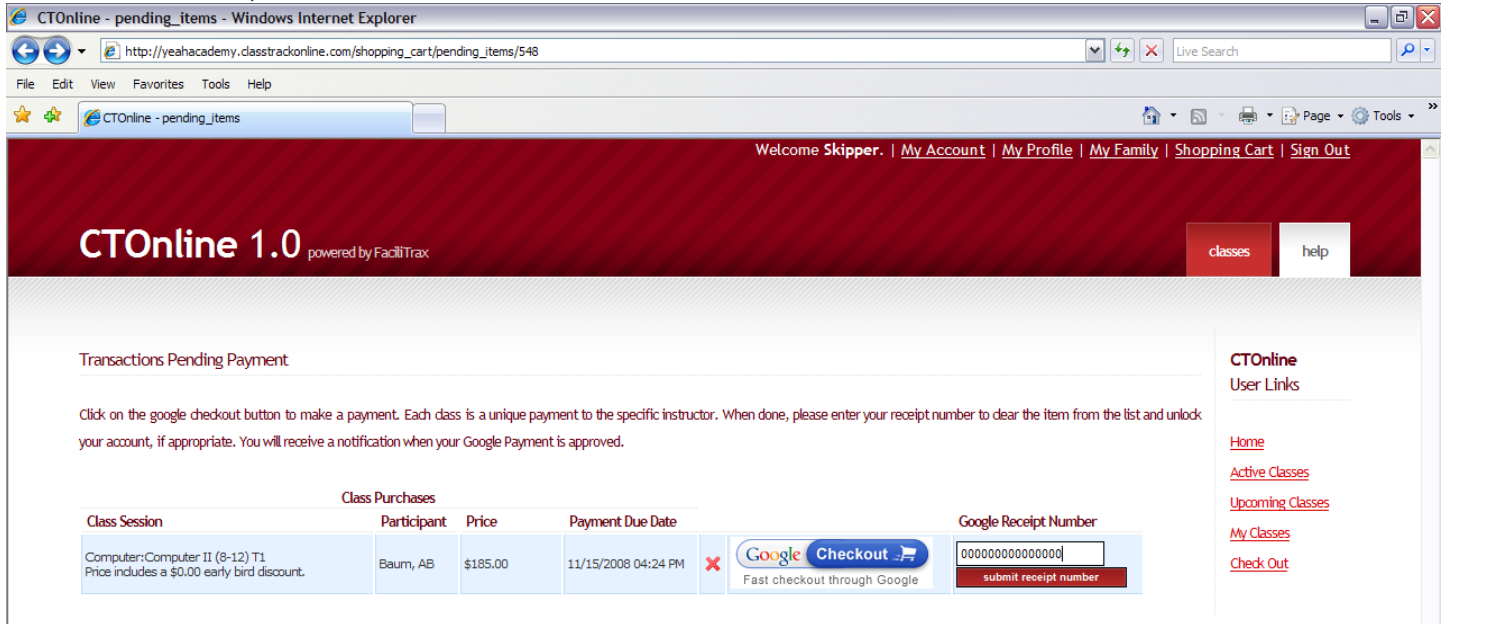

Class Session	Participant	Price	Payment Due Date	Google Receipt Number
Computer:Computer II (8-12) T1 Price includes a \$0.00 early bird discount.	Baum, AB	\$185.00	11/15/2008 04:24 PM ✗	<input type="text"/> submit receipt number

This page repeats the class information, the Student, the amount due the Tutor, that the payment is due today, the red X to cancel, the link to go to the individual Tutor Google account, and then the Google Order number. **HEADS UP.** You will get the Order number from Google in an e-mail moments after you make your payment so you will need to check your e-mails to get the number and enter it in the Order Number Box and then you click Submit Order Number. This will complete your payment cycle for that class. The Tutor will match up the information to verify proper payment.

This is a new Window connecting to Google Checkout. If you don't have a Checkout account, you can open one at this point. This is not a new credit card, merely information that will expedite your Checkout in the future. **HEADS UP** Notice that the Google button opened up a new Window and did not close the CTOline registration window. Your On-line registration site is still open and after you have made your payment, you can close Google and return to ClassTrackOnLine to the Academy to continue your registration. If you lose the window, simply re-enter the Registration website at <http://yeahacademy.classtrackonline.com/> and as soon as you log in, your registration window will re-open. After you complete the Google Checkout for this Tutor, you then return to the Registration site, check your e-mail for the Order Number, enter the number in the Google Order Number box, and click on Submit Order Number.

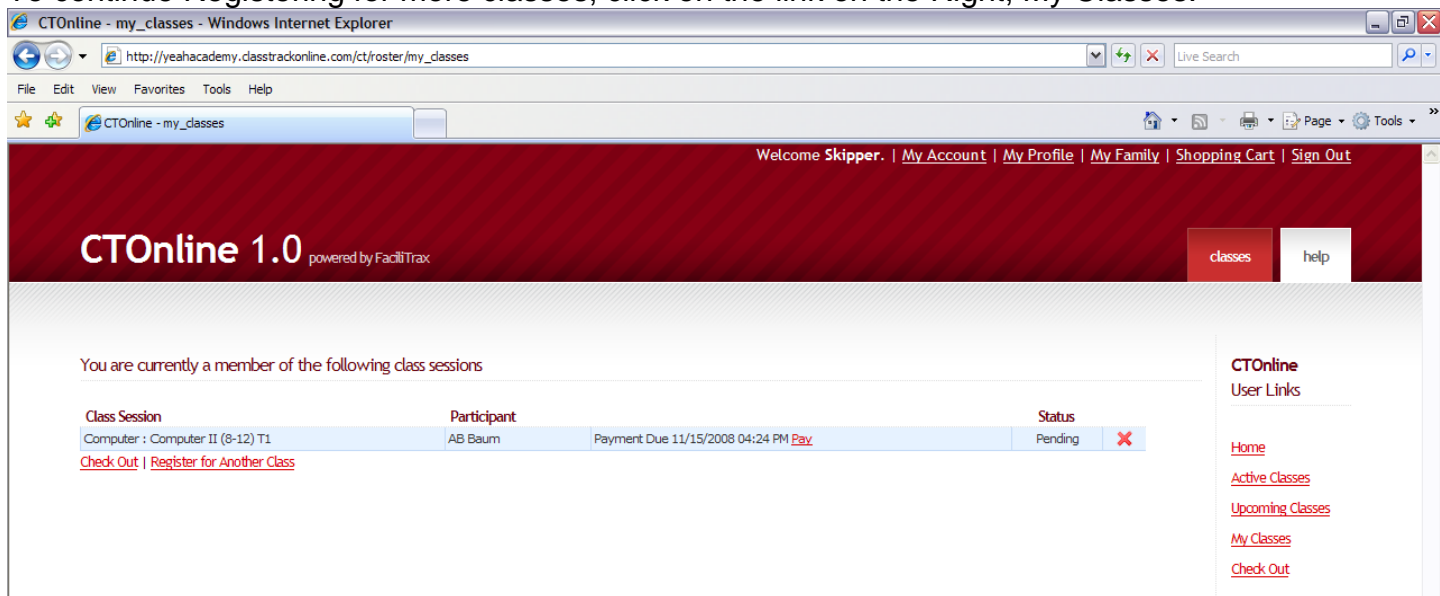

You have entered your Order Number and then click on Submit.

When you click on the Submit, you will move to this screen showing that your transaction is pending which means Pending Acceptance by the Tutor and confirmation of the payment. Our Tutors will strive to daily update their Rosters so that you can Log In as often as you want to check the status of your Students registration. Typically the class will fill in order of registration but all Tutors reserve the need to manage class size and population.

To continue Registering for more classes, click on the link on the Right, My Classes.

That brings you to this screen where you can Register for Another Class. Ignore the red PAY button since you already made your payment but it remains active until the Tutor accepts the payment and registration.

When you click on Register for another class, your screen becomes:

Some helpful hints:

Pencil Icon - Click to Edit Contents of your file – generally to the right of your student's name.

You can edit your Account and My Profile from the tabs shown at the top. You cannot change your username as it was entered when you first joined. You can reset your password under My Account.

You can log in any time to view your student(s) classes anytime as they are shown when you click on My Classes link.

You will receive various receipts and payment notices from Google and our FaciliTrak system. You will not receive any additional receipts from the Tutors for expenses or tax purposes. All the information you need will be included on those receipts. **HEADS UP** Alert your credit card company if you will be charging more than two transactions with Google or it will be flagged for FRAUD and the charge will be held up.

Google accepts VISA and MC or Prepaid VISA Bank Cards. No Debit cards can be used.
